

Briefing:**Multi Agency Youth Violence and Exploitation Panel (MAYVE Panel)****1. What is a MAYVE Panel?**

The purpose of MAYVE Panel is a multiagency approach to reduce the risks associated with youth violence and exploitation which are intrinsically linked. This includes those at risk of harm, or who pose a risk of harm and ensures compliance with Safeguarding legislation, National Referral Mechanism, Integrated Offender Management (IOM) process, Serious Youth Violence Duty, MAPPA guidelines, Youth Justice Board (YJB) Serious Youth Violence definition and local strategy.

The panel requires agencies and professionals to work together with parents and children to alert them to the signs of grooming, exploitation, and county lines. This process enables broader agencies, outside of the statutory sector, to contribute to reducing the risk and impact of child exploitation on individuals, families, and communities. The panel will support the Contextual Safeguarding approach to risk management.

The meeting will offer an escalation process through the attendance of decision makers from the partnership and will monitor the demand for services and sufficiency of resources to meet needs and risks identified within this cohort, and delegate actions across the partnership.

2. When do MAYVE meetings take place and who will chair the meeting?

MAYVE meetings are held on the first Tuesday of every month, via TEAMS and will be chaired by Group Manager in Childrens social care and Youth Justice Manager.

3. Who is involved?

- The relevant case worker and team manager as appropriate
- Standing representative from Childrens Social Care and Youth Justice
- Humberside Police
- Health
- Education
- Probation
- Housing
- ReFresh
- Voluntary sector including Tigers Trust and Cornerhouse

4. Eligibility:

To be eligible for discussion at MAYVE the child will fit into one or more of the following categories:

- Considered a victim of CCE or CSE and through completion of a RIT and discussion at LERM – the risk to the child is assessed as high.
- Convicted of a serious youth violence category offence and managed by the Youth Justice service (YJS) who consider the risk the child poses to others to be high – referrals can only be submitted by the YJS.

	<ul style="list-style-type: none">• Referred via the NRM as a child victim of modern-day slavery.
